 Convenio, convenire, conveni, conventum – to come together, meet, agree

¹A *convenient* date is a mutually 'agreeable' time to 'come together' for an activity. ²An *event* is something that etymologically 'comes out,' or 'happens.' ³During an *adventure*, one 'comes upon' many people or 'comes to' many places, some dangerous, some highly rewarding. ⁴To *invent* something new is to 'come upon' it for the first time; via Latin *invenire*, 'to find.' ⁵Via Latin *subvenire*, 'to come to mind,' the idea is that a *souvenir* is etymologically a 'coming under' as a 'support' for the mind to recall a place one has visited. ⁶The *advent* of anything is when it first 'comes towards' or 'arrives at' existence. ⁷The dilettante's *adventitious* commentary during the expert's lecture 'came near' the truth, but added little to the professor's essential message. ⁸The *parvenu* suddenly 'came through' to untold wealth when he located the lost caverns of Ali Baba.
